SOLUZIONI CHE CONNETTONO

**ITIPLAST**  
idrosanitari  
MADE IN ITALY

**ITI Plast Srl** nasce nel 1988 come realtà a conduzione familiare, forte di un'esperienza nel settore iniziata già nel 1970 con la produzione di articoli in materiale plastico.

Opera da oltre cinquant'anni nel settore idrosanitario, sviluppando e realizzando **soluzioni per lo scarico e componenti in materiale plastico** destinati a installatori, grande distribuzione e operatori all'ingrosso.

Ogni prodotto nasce dalla ricerca di un equilibrio tra **estetica, affidabilità e praticità d'impiego**, con l'obiettivo di offrire al mercato soluzioni caratterizzate da elevati standard qualitativi e **prestazionali**.

Una proposta articolata che affianca **soluzioni interamente realizzate in Italia** a una gamma accuratamente scelta proveniente da **fornitori internazionali qualificati**. Rapporti consolidati nel tempo con realtà produttive Estere, insieme a **scrupolose verifiche tecniche eseguite sul territorio italiano**, permettono di assicurare un assortimento **affidabile, attuale e costantemente adeguato** alle evoluzioni del settore e alle necessità della clientela.

L'azienda privilegia **energia proveniente da risorse rinnovabili**, e favorisce l'impiego di **materie riciclabili quasi al 100%**, contribuendo a un utilizzo più consapevole delle risorse.

Un **assortimento ampio e completo** che grazie alla competenza della **struttura commerciale**, ci consentono di offrire un supporto concreto e qualificato alle diverse esigenze della clientela.
